

free to good home

AB Dick 360 offset printing press 11" x 17"

also an A.B. Dick 360 press for *parts*

Brown Process Camera

Plate Maker

miscellaneous print shop equipment and dark room supplies

this is most of the equipment from the Martin's old print shop

I will give this equipment to anyone who will take all of it and make use of it, since it is taking up space in my house and I don't use it.

The catch is that you have to come here and get it. You need a truck with a tail lift or a good ramp, plus a refrigerator dolly, and a couple of stout fellows.
